Pellon® Legacy FR Rayon™ - 'Flame Retardant' Rayon Batting  
1 1/2 yards

Thread

### Tools Needed

Sewing Machine and related supplies

## Cutting and Assembly Instructions - Not all seam allowances shown.

Block One

Block Two

Fabric A

6 1/2" strips                      7

2 1/2" strips                      15

Fabric B

2 1/2" strips                      22

Fabric A

Cut the 6 1/2" strips into 6 1/2" blocks.

Do not cut the 2 1/2" strips.

Fabric B

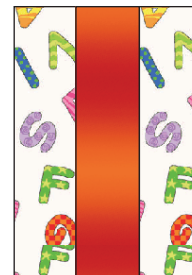

Cut ten of the 2 1/2" strips into 2 1/2" squares.

Do not cut twelve of the 2 1/2" strips.

### Block One Directions - All seam allowances 1/4"

Sew two fabric A strips to one fabric B strip. Sew two fabric B strips to one fabric A strip. Press seams towards fabric B.

Make six Unit 1's. Make three Unit 2's.

Unit 1

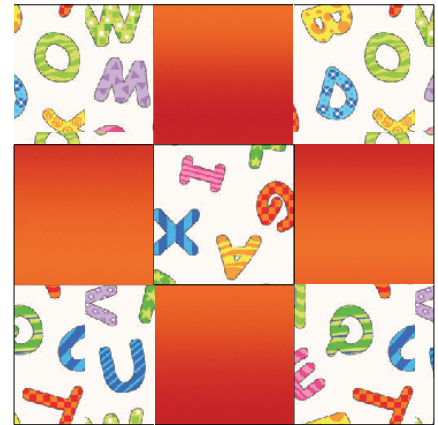

Unit 2

Cut these units into 2 1/2" pieces.

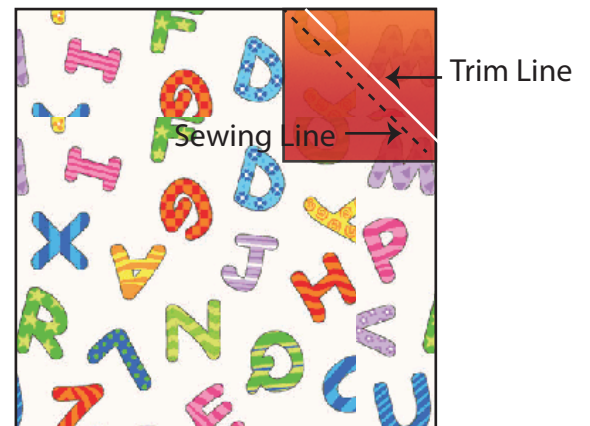

Sew units together as shown. Press Seams toward fabric B.

## Block Two Directions

Place one 2 1/2" fabric B square right sides together in the corner of one 6 1/2" fabric A square. Stitch diagonally across the fabric B square as shown. Trim seam allowance to 1/4". Press seam toward the corner.

Repeat this step in the remaining three corners.

Sew blocks into rows, alternating between Block 1 and Block 2. There will be 9 blocks per row and 5 row 1 and 4 row 2. Press seams towards block 1.

Row 1

Row 2

Sew rows together. Press seams open. Piece backing. Layer quilt with backing, batting and quilt top. Quilt or tie as desired. Sew on binding.

Legacy™ Flame Retardant Batting is thin and soft, yet durable. A scrim binder (stabilizer) is needle-punched onto this soft fiber to add strength providing a stitching area as far apart as 8". Rayon batting will shrink 4% to 6% so if shrinkage is not desired once this quilt is completed, soak in very warm water, wring in a towel and dry prior to use.

100% cotton fabric shrinks 3%. Flame retardant tendencies in this rayon batting will not produce toxic fumes or smoke in the event of a fire and will not drip, melt or flare up.
