Summer has arrived and it's time to hit the road for some adventure. The Get Up and Go applique is a fun and easy reminder that can be applied to any size t-shirt, pillowcase, etc. The pattern instructions are created with the hopes that you will breathe new life into old fabrics and scraps. If you choose to use new materials be sure to wash your fabrics beforehand. You will be surprised how easy it is to applique with knits and once you've tried it, you will never look at a stained shirt the same way again!

Step 1. Trace the templates onto the paper side of the EZ-Steam™ sheet.

Step 2. Roughly cut out the shapes, leaving extra around each shape.

Step 3. Place the fusible side of the EZ-Steam™ on the wrong side of the fabric pieces. Fuse following manufacturer's instructions.

Step 4. Cut out all pieces carefully.

Step 5. Peel paper backing from the pieces. Place the pieces with the tacky side down as desired. Reposition if necessary.

Step 6. Fuse into place following manufacturer's instructions.

Step 7. Finish the edges of applique with either a straight stitch or zigzag stitch. Sample used a straight stitch.

NOTE: Designer recommends using a zigzag stitch with woven or new materials.

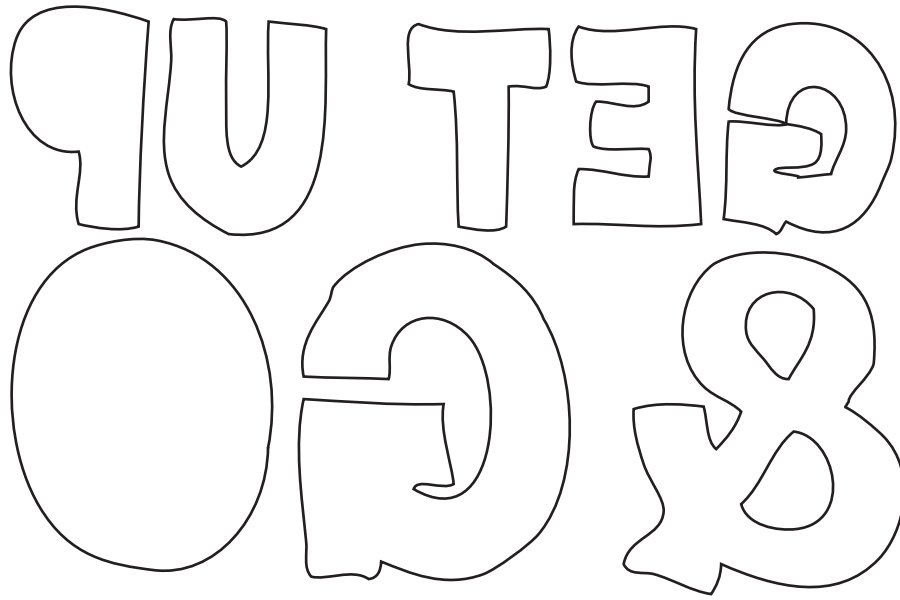

Step 8. Repeat steps 5-7 with the lettering. Reposition letters if desired before fusing.
