Step 1. Arrange the flowers and buttons on the Peltex® as desired.

Step 2. Trace around the arrangement onto the Peltex®.

Step 3. Cut out the shape just inside the drawn line.

Step 4. Place the embellishments back onto the Peltex®. Trim away any remaining stabilizer that is still visible from the front.

Step 5. Glue or hand sew the embellishments to the stabilizer to attach.

Step 6. Cut two pieces of Peltex® that will fit on the back of the main piece and large enough to be attached on either side of the headband.

Step 7. Glue or sew the two pieces in place to attach the embellished piece to the headband. Contrasting thread is shown in photo for placement guidance.
